# 50th Anniversary of the Burglund High School Walkout

**Workshops  
for  
the young and old  
designed to  
Inspire a ripple effect of change  
in our community**

The conference is designed to commemorate, celebrate, and educate the public about significant events that occurred in McComb, MS which led to several improvements: in the social, economic, and educational climate for all citizens of McComb; the empowerment of students to become active and life-long community leaders for change in McComb the state of Mississippi, the United States, and the world. **THEY WALKED OUT SO THE STUDENTS OF TODAY COULD WALK IN!!**

**Our Mission**

The commemoration of the walkout is not a one-day activity. Instead, the commitment to learn about, document, and share the history of McComb with students and the broader community will be ongoing. The focus on the walkout will continue this year and we will build towards a commemoration of Freedom Summer in 2014.

**Music**

**Art**
